## 1. Background Information

This policy has been developed to formalise the arrangements for a person to be seconded to the University from an external organisation and for a staff member from the University to be seconded to an external organisation.

## 2. Policy Statement

The University recognises that benefits for a person and the University can be gained from the secondment of a person(s) either 'to' or 'from' the University. Potential benefits include:

- 2.1 sharing of expertise across organisations;
- 2.2 development/fostering of strategic alliances, cross-organisational links and relationships;
- 2.3 provision of expertise to address temporary skill gaps in an organisation; and
- 2.4 career development through the enrichment of professional experience.

## 3. Policy Purpose

This policy outlines the arrangements to be undertaken to formalise the secondment of a person to the University from an external organisation and for the secondment of a staff member from the University to an external organisation.

## 4. Application of Policy

- 4.1 This policy applies to all continuing and fixed-term staff members of the University, who have completed at least three years continuous service with the University. A staff member who is employed on a fixed-term contract who wishes to enter into an external secondment arrangement must be employed on a contract which has an end date that extends at least six months after the end date of the proposed secondment.

The University will not be bound by any external secondment proposal which has not been formally approved. Any discussions or exploration of a secondment by the proposed secondee or representative of the University must not commit the University to any external secondment proposal prior to formal approval being obtained from the relevant delegated officer.

Typical external secondment arrangements entered into at the University include:

- 4.1.1 a staff member is seconded to work in an external organisation; or
  - 4.1.2 a person from an external organisation is seconded to work at the University; or
  - 4.1.3 a staff member is seconded to work at an external organisation and in exchange a person from the external organisation is seconded to work at the University.
- 4.2 Requests for a staff member to be seconded to an external organisation will normally only be approved where it is demonstrated in a written proposal that the activities to be undertaken by the staff member at the external organisation, will provide a developmental opportunity for the staff member and supports the Mission, Strategic Plan and/or operational needs of the University.
  - 4.3 External secondment arrangements should only be established for periods of time no greater than 12 months.

- 4.4 Where there is scope for the secondment arrangements to be extended beyond their current term, a review must be completed by at least 2 months prior to the expiry of the current term as a precursor to formalising any arrangements for any future agreement between the University and the external organisation.
- 4.5 An external secondment term for a period of more than 1 year, may be granted subject to the staff member agreeing to the following in writing:
- 4.5.1 That she/he will become unattached from her/his substantive position at ACU; and
  - 4.5.2 That she/he will confirm her/his interest in returning to work by providing at least 2 months written notice to the Director, Human Resources, and
  - 4.5.3 That her/his return to the University from a period of external secondment will be managed in accordance with provisions of the *Management of Staff Unattached from Substantive Position Policy*.
- 4.6 The period of secondment for an Academic Staff member, should normally correspond with semester 1 and/or semester 2 to ensure minimal disruption to teaching and research programs.
